

ENMAX NO. 34 SUBSTATION

PROPOSED SUBSTATION UPGRADES

PROJECT OVERVIEW

ENMAX Power Corporation (ENMAX) is proposing to replace two existing oil filled power transformers totaling 38.3 MVA with one 50 MVA unit at ENMAX No. 34 Substation located at 3710 – 32 Avenue NW. The current standard for new transformers in the ENMAX system is 50 MVA, and this upgrade is required to ensure the continuous delivery of safe, reliable power.

All work will occur within the present substation perimeter or area. ENMAX will submit an application to the Alberta Utilities Commission in August 2018 and pending approval, will commence work in June 2019 with completion in October 2019.

PROPOSED SCHEDULE

AUGUST 2018	Initial Stakeholder Engagement
AUGUST/SEPTEMBER 2018	ENMAX submits Application to the AUC
JUNE 2019	Construction begins
OCTOBER 2019	In-service date
AUGUST 2018 - OCTOBER 2019	Ongoing Stakeholder Engagement

SAFETY AND RELIABILITY

For more than 100 years, ENMAX has delivered safe and reliable electricity in Calgary. Moving electricity from the point where it is generated to our customers’ homes and businesses is split into two areas: transmission and distribution

ENMAX NO. 34 SUBSTATION

PROPOSED SUBSTATION UPGRADES

ABOUT ENMAX CORPORATION

ENMAX, through its subsidiaries, makes, moves and sells electricity to residential, small business and large commercial customers and is headquartered in Calgary, Alberta, with offices in Edmonton.

ENMAX Power Corporation owns and operates transmission and distribution infrastructure in Calgary and ENMAX Energy Corporation owns diverse electricity generation facilities throughout the province. Since 2007, ENMAX has been named one of Alberta's Top Employers. ENMAX Energy is currently the retailer of choice for both The City of Calgary and The City of Edmonton.

COMMITMENT TO COMMUNITY

ENMAX is committed to being a responsible corporate neighbour in the community. This commitment includes providing timely and meaningful engagement with stakeholders about this project.

We have developed a comprehensive public involvement program to provide opportunities for area residents, occupants and landowners to be informed about this proposal and to engage with ENMAX in dialogue from the planning phase through to construction.
