

DOWNTOWN CALGARY TRANSMISSION REINFORCEMENT PROJECT

14 AVE SW & 2 ST INTERSECTION CONSTRUCTION UPDATE

ENMAX anticipates construction to begin the week of April 8, in the intersection of 14 Ave SW and 2 St SW. The construction will include temporary fencing, hydrovac-ing, excavation, and other pre-construction activities.

While the area is under construction, traffic is expected to be reduced to one lane and the cycle lane and parking will not be available. For pedestrian safety, access will be restricted and temporary fencing, signage and detour information will be installed.

Construction activities are anticipated to occur between 7a.m. to 7p.m.; Monday through Saturday. Work at the intersection of 14 Ave SW and 2 St SW is expected to last one month. Some evening and weekend work may be required at the intersection.

The construction will be performed in two phases, one half of the intersection followed by the other half. A map highlighting the area under construction is include on the reverse. Notifications for the rest of the open trench work along 14 Ave SW towards 9 ST SW will be sent to affected stakeholders prior to any work being done.

If you have any questions or wish to discuss the project please contact us:
