

DOWNTOWN CALGARY TRANSMISSION REINFORCEMENT PROJECT

14 AVE AND 9 ST MANHOLE INSTALLATION

ENMAX anticipates construction to begin the week of April 22, on 9 St. Construction activities are anticipated to occur between 7a.m. to 7p.m.; Monday through Saturday for a month. Some evening and weekend work may be required.

The construction will include temporary fencing, hydrovacu, excavation, and a crane for manhole and ductbank installation.

While the area is under construction, traffic is expected to be diverted to avoid 9 St SW between 14 Ave SW and 13 Ave SW. Temporary fencing, signage and detour information will be installed.

A map highlighting the area under construction is include on the reverse. ENMAX will be returning to the area for open trench and exit shaft construction later this year and cable installation will occur in 2020.

If you have any questions or wish to discuss the project please contact us:
