

DOWNTOWN CALGARY TRANSMISSION REINFORCEMENT PROJECT

14 AVE SW & CENTRE ST INTERSECTION CONSTRUCTION UPDATE

ENMAX anticipates construction to begin the first week of April in the intersection of 14 Ave SW and Centre St. The construction will include temporary fencing, hydrovacing, excavation, and other pre-construction activities.

While the area is under construction, traffic is expected to be reduced to one lane and cycle lane and parking will not be available. For pedestrian safety, access will be restricted and temporary fencing, signage and detour information will be installed.

Construction activities are anticipated to occur between 7a.m. to 7p.m.; Monday through Saturday. Work at the intersection of 14 Ave SW and Centre St is expected to last for a month. Some evening and weekend work may be required at the intersection.

A map highlighting the area under construction that will be done in two phases is include on the reverse. Notifications for the rest of the open trench work along 14 Ave SW towards 9 ST SW will be sent out to affected stakeholders prior to any work being done.

If you have any questions or wish to discuss the project please contact us:
