HAZARDOUS ELECTRICAL AWARENESS TUTORIAL

ENMAX Power Corporation offers a free safety tutorial for companies with employees or equipment working near electrical infrastructure in Calgary.

we're on

for you™

HAZARDOUS ELECTRICAL AWARENESS TUTORIAL

WHY PARTICIPATE?

We provide your workers with basic awareness required to work safely around electrical equipment to prevent lifelong injuries or death.

It takes just an hour to learn the proper strategies for working near electrical equipment and only minutes on the job to identify and plan to be safe around that equipment.

**Remains of a shirt worn by a worker
after an electrical arc flash incident.**

To book call 403-514-3700 or email safety@enmax.com.

For onsite assistance in Calgary call ENMAX Trouble at 403-514-6100, 24 hours a day, 365 days a year.

For power line emergencies call 911.

ENMAX Power is a proud member the Joint Utility Safety Team (JUST) which promotes power line safety across the province. For more details and safety resources visit www.wherestheline.ca
