

ENMAX NO. 36 SUBSTATION

PROPOSED SUBSTATION UPGRADES

PROJECT OVERVIEW

ENMAX Power Corporation (ENMAX) is proposing to upgrade ENMAX No. 36 Substation located at 10202 Bearspaw Road N. The proposed project will mitigate safety concerns and ensure reliability and integrity of the substation and electricity supply.

PROJECT DESCRIPTION

The proposed project consists of the following:

- Installation of new switchgear lineup with all necessary connections
- Associated protection and controls
- Construction of a new substation control building approximately 18m x 10.5m positioned in the northwest corner of the substation.
- Alterations to the substation fence line, approximately 3m expansion both north and west of the current location.

PROPOSED SCHEDULE

ENMAX plans to file an application with the Alberta Utilities Commission in February 2017. Subject to approvals being granted, ENMAX expects construction to begin in May 2017 with a proposed in-service date of December 2017.

COMMITMENT TO COMMUNITY

ENMAX is committed to being a responsible corporate neighbour in the community. This commitment includes providing timely and meaningful engagement with stakeholders about this project.

We have developed a public involvement program to provide opportunities for area residents, occupants and landowners to be informed about this proposal and to engage with ENMAX in dialogue from the planning phase through construction.

ABOUT ENMAX CORPORATION

ENMAX, through its subsidiaries, makes, moves and sells electricity to residential, small business and large commercial customers and is headquartered in Calgary, Alberta, with offices in Edmonton. ENMAX Power Corporation owns and operates transmission and distribution infrastructure in Calgary and ENMAX Energy Corporation owns diverse electricity generation facilities throughout the province. Since 2007, ENMAX has been named one of Alberta's Top Employers. ENMAX Energy is currently the retailer of choice for both The City of Calgary and The City of Edmonton.
